

Opening ceremony of Hiroshima University Graduate School Leader Education
Program 2014 was held.

The Opening ceremony of the 3rd Phoenix Leader Education Program was jointly held with Taoyaka program for creating a flexible, enduring, peaceful society on 1 October 2014.

Six new students from five countries entered the Phoenix Leader Education Program. Now there are in total twenty-five students from nine countries in the program. They are taking various subjects such as common coursework, fieldwork, doing internships and working hard on their research study. They are acquiring interdisciplinary and practical knowledge and skills as well as language skills in order to become phoenix leaders who promote radiation disaster recovery.
