The 17th Phoenix Leader Education Program Seminar

The Ethics of Radiological Protection in the Context of Nuclear Accidents

原子力事故における放射線防護の倫理

Lecturer:
Jacques Lochard

Professor at Nagasaki University

Vice-Chair of the International
Commission on Radiological
Protection (ICRP)

Visiting Professor of
Hiroshima University

He joined the Nuclear Protection Evaluation Centre (CEPN), a non-profit organization for research and studies in the evaluation of the technical, health, economic and societal dimensions of radiological protection in 1977 and was the director of the Centre from 1989 to 2016. Since the early nineties he has been actively involved in the rehabilitation of the living conditions of the affected population after a nuclear accident, first in Belarus in the context of the management of the long-term consequences of the Chernobyl accident, then in Japan in relation to the Fukushima accident.
